Hi there! We are looking forward to having you perform at the Music Box in downtown San Diego's historic Little Italy. Below you will find all pertinent venue info, from tech specs to house backline to important contact info. To ensure you have a great show please take a few minutes to go over the sheet, and contact our production manager to properly advance your upcoming show. Again, we are looking forward to having you and will do all we can to make sure you have a wonderful show!

LOADERS/HANDS

Please advance any loaders/stagehands/runners required for your show at least a week in advance with our Production Manager. The Music Box does not have stagehands/loaders on staff, but our A1, A2, and Production Manager can assist. If additional loaders/stagehands are necessary for your show, we kindly ask that it be agreed to in contract/show budget and arranged with Production Manager at least one week in advance.

Load in/out is easiest in front of venue on India Street between A Street & Ash Street. You can park in the 20 minute yellow loading zone in front of our main entrance, and it is best if you have commercial plates. PLEASE NOTE: this is for loading and unloading only and we ask that you be considerate of our neighbors re: noise and please- no smoking or drinking while loading in/out.

SOUNDCHECK TIMES: Please note that due to issues with our upstairs neighbors, **soundchecks are not to begin before 5pm, Monday thru Friday.**

Saturdays and Sundays soundcheck can begin anytime.

PARKING

Parking in downtown San Diego can be a challenge like in many major cities. Unfortunately, The Music Box **does not offer bus parking or shore power.** However, we can often creatively cone-off parking in the loading zone in front of club or behind the venue on Columbia Street. If you are traveling in a bus please confirm this with our Production Manager and we will do our best to make sure you can leave the bus in the yellow loading zone behind the venue on Columbia St.

If no options are available, we will double park your vehicle for load-in and it may be necessary to park elsewhere during the show. Post-show the streets are much more clear, making it very easy to pull-up in front of venue for load-out. We realize this is a far from ideal scenario- our deepest apologies for any hassle that may occur.

CARS/PRIVATE VEHICLES: Load in is easiest through the main entrance. Vehicles with commercial plates (vans, pickups, etc) can park in the 20 min yellow loading zone on India St. If before 6pm you will then have to find regular street parking after load in. After 6pm this is not regulated by the parking police. There are multiple paid parking lots all around the venue and plenty of evening street parking. Street parking is metered until 6pm.

MERCH

Merch area is in our lobby near the venue's front doors. Artist sells, and there is an 80/20 split on soft goods. We use the honor system to do this. A 6' or 8' table and power is available- **please bring your own lights/hangars/power strips/display racks.** Music Box can provide a merchandise sales person for \$75 if necessary, however, the request must be made at least 72 hours in advance. Please advance with Production Manager.

IN-HOUSE HOSPITALITY

All artist hospitality is provided per advance and per contract/agreement. Please contact matt@musicboxsd.com regarding your contracted/agreed hospitality needs WELL IN ADVANCE of your show.

GREEN ROOM

1. We have one green room with wet bar, fridge, make-up mirrors, couches, chairs & toilet/shower
2. We also have an auxiliary green space for support bands along hallway area with restroom
